Fill Out Pre-Event Survey

The screenshot shows a web form for 'OH-ZONE VIRTUAL CAREER FAIR'. At the top, there are three tabs: 'About You' (highlighted in red), 'Positions', and 'Hiring'. Below the tabs, the form title is 'Virtual Career Fair' with the subtitle 'Company Registration'. The form contains three input fields: 'Company Name *', 'Address *', and 'Street Address'. A small purple circle with the number '0' is visible in the bottom right corner of the form area.

Before you set up your booth, you will need to complete the Pre-event survey. You can find the survey [HERE](#).

The information gathered from this survey will be used to attract job seekers to the fair.

Once you have completed the survey, you will receive an email from the address: Notifications@brazen.com (See next page for reference).

This email should be sent to you within 24 hours of survey completion.

Upon receiving this email, you can begin setting up your booth.

 Brazen Technologies

Hi there,

You have been added as a booth owner for the Virtual Job Fair to be held on Thursday, March 25 at 10:00AM EDT. This means you are responsible for customizing your booth and assigning at least one representative to chat with participants during the online session.

[Customize your booth now](#) by logging in using this email address and your password, so that participants can view your booth content and learn more about your organization. Don't worry - training videos and help resources are provided below.

[Log In and Build Your Booth](#)

If you don't see the email in your inbox, check your spam folder. If you still don't see it, let Thomas Tye know at thomas.tye@soche.org.

Booth Registration Email

Attend Brazen Trainings

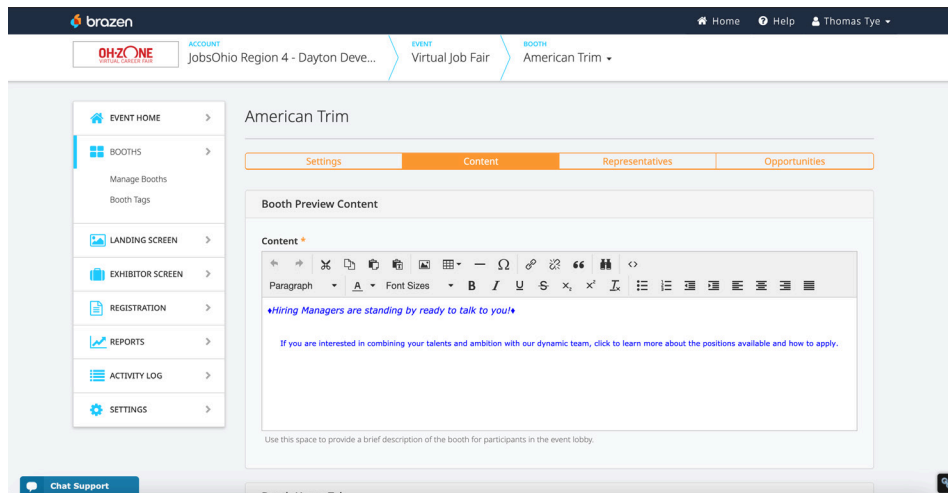

There are two trainings to watch through, the Brazen booth training and the Brazen representative training.

Each video is roughly 20 minutes in length and walks you through how to set up your booth as well as how to interact with job seekers during the event itself.

Booth owners must watch through both training pieces to know how to operate the Brazen platform for their company.

Note: If you are the booth owner, it is important to know that you are not by default a representative for the booth. You will need to navigate to the representative tab and add yourself manually.

Begin Setting Up Booth

Now that you've completed both the Booth Owner training and the Representative training, you should have a good idea of how to set your booth up for the virtual career fair.

If you are struggling to complete the booth setup, we recommend reading this [guide](#) by Brazen.

If you still need help after reading the guide, visit the SOCHE [website](#) for helpful tips, or email Thomas Tye at thomas.tye@soche.org.

We are working with you through this process to make this a successful event for your business.

Attend the Event

With your booth set up and marketing deployed, you are ready for the event on **Thursday, April 22, 2021, from 10 a.m. - 2 p.m.**

You have up till 9a the day of the event to make any final adjustments to your booth. At that point, Brazen will lock all booths.

All booth representatives should log into Brazen early to be ready to talk to jobseekers via chat and video call at the start of the event.

Your SOCHE point of contact, Thomas Tye, will be available during the event if you have any issues or questions. you can contact him at thomas.tye@soche.org

Fill Out Post-Event Survey

About the Event

Over the last year, mental health has become one of the most talked about challenges for American workers and their employers. Even with brighter days ahead, the mental health crisis is here to stay and how employers support their employees will become an employee retention and attraction issue as the economy recovers.

In partnership with the American Psychological Association, we are hosting a national conversation on why employers need to support their employees' mental health and how employers can create a supportive culture.

The Symposium will follow all CDC guidelines and State of Ohio mandates to protect the health and safety of in-person attendees. The number of attendees will be limited and max attendance will be set based on State of Ohio guidelines.

AM EDUCATION SESSIONS

Managing for Morale— Effective Management Techniques to Retain Your Staff

Staff retention continues to be a top priority for healthcare executives. This panel will engage senior-level managers to discuss best practices in staff retention and how to build team morale. The panel will be comprised of individuals from various backgrounds and management levels. *(Pending ACHE Face-to-Face Education Credits*, AIA LUs, GBCI CEs, PDHs) *You must attend in person to receive ACHE F2F Education Credits*

Kettering Health Network: A Case Study in Campus-Wide Facility Optimization to Ensure Performance for Life

Without proactive and continuous management, building systems can drift over time and diverge significantly from original design intent, wasting resources and overwhelming facility management personnel. Join HEAPY and Kettering Health Network for a case study examination of a campus-wide energy audit and retro-commissioning project and learn how a comprehensive and strategic approach to managing your facilities can lead to improved patient comfort and reduced overhead costs.

This presentation will outline a step-by-step process for how to tackle these big issues at your organization, including how to evaluate current facility performance, benchmarking against appropriate targets, prioritizing implementation, and ensuring performance for life.

(Pending AIA LUs, GBCI CEs, ACHE Qualified Credits, PDHs)

KEYNOTE PRESENTATION / LUNCH

Architectural Design as a Determinant of Health

Our understanding of the role the environment plays in shaping health has expanded immensely over the last few decades. A growing body of empirical data and evidence-based design research demonstrates that architecture impacts care delivery as well as health outcomes.

This talk explores built space as an important determinant of health and questions whether the built environment itself should be considered alongside other parameters of care, analogous to our medical interventions. Historical examples of the convergence of hospital architecture and medical practice exist. The design of the tuberculosis sanatorium during the early 20th century illustrates this infrequent intersection; the healthy building emphasizing contact with nature, developed to prevent the spread of contagions. In the context of the COVID-19 global pandemic, we can revisit past models and consider new and sustainable innovations to emphasize infection prevention and control.

It is imperative that we consider a convergence of the healthcare and design disciplines in order to promote novel solutions to augment built environment resilience and subsequently support equitable, safe and efficient care delivery.

PM EDUCATION SESSIONS

Crisis Management: Strategies to Effectively Manage a Healthcare Organization

Preparing for an unplanned or unexpected event, such as a natural disaster, pandemic, civil disturbances, medical error or labor disputes (e.g., union labor) causes physical, psychological and emotional stresses that can overwhelm employees, medical staff, patients and communities. In the event of a crisis, the quality and efficiency of care delivery may be challenged, taking a toll on every part of the organization including the facilities. Dealing with the unknown or uncertainty is also a challenge that healthcare leaders face in times of crisis. Healthcare leaders must understand how to prepare their organization for unforeseen circumstances, which includes developing a communication plan, managing organizational resources (e.g., medical supplies), ensuring appropriate levels of patient care, and leveraging local and state resources or funding.

This panel discussion will provide insight and perspectives on ways to manage an unforeseen crisis within the healthcare organization and its community. The topic will include how healthcare leaders can better prepare and respond to a community or healthcare crisis, and prepare for a health surge event or unanticipated facility and resource demands.

(Pending ACHE Face to Face Education Credits, AIA LUs, GBCI CEs, PDHs) *You must attend in person to receive ACHE F2F Education Credits*

Power to the Patients: How New Technology is Transforming Healthcare Delivery

The COVID-19 pandemic accelerated the proliferation and adoption of emerging technology in the healthcare industry, transforming patient services and practitioner operations. Augmented reality, enhanced telehealth, artificial intelligence, and wearables are just a few of the topics that will be discussed. Join our panel for a look at the future and discover how new technologies and innovations are personalizing and humanizing healthcare delivery for the better.

Support Our Local Small Businesses When They Need You the Most!

The pandemic has been hard on all of us. So much of what we consider normal has changed, and we've all had to find ways to adapt. In downtown Dayton, the pandemic has been especially difficult for our great collection of independent small businesses who provide the products and services we love. We encourage you to continue to support these local businesses during this difficult time in any way you can. They're the backbone of our community, and they need our support more than ever.

If you miss your favorite local, independent businesses, check out our lists of what's OPEN*. We've put together a list of downtown [restaurants](#) with **carry out, curbside pickup, or delivery** services, as well as those open **outdoor or indoor**. Hi Everyone,

As part of the American Rescue Plan Act, the Shuttered Venue Operators Grant was created. Eligible applicants may qualify for grants equal to 45% of their gross earned revenue, with the maximum amount available to a single grant award of \$10 million. \$2 billion are reserved for eligible applications with up to 50 full time employees.

GENERAL INFORMATION

Eligible entities may be:

- **Live venue operators or promoters**
- Theatrical producers
- **Live performing arts organization operators**
- **Museum operators**
- **Motion picture theater operators**
- **Talent representatives**

In order to be eligible for the grant, a venue must have a defined performance and audience space and its **primary** business activity must one of the above entities.

Here are the **Eligibility Requirements** and **FAQs** distributed by the SBA to help you determine if you meet eligibility.

NOTE: Being a previous CARES Act funding recipient does NOT disqualify you from receiving these funds.

APPLICATION PROCESS:

Prior to applying for an SVOG an applicant must have:

- A **D-U-N-S** number which takes about 72 hours to generate (instructional video below)
- An account with **LOGIN.GOV**
- **SAM** registration which also takes several days to process. Here is an instructional **PDF** (video to come)
- Gather required documents – **Application Checklist**

The application can be found at <https://www.svograntportal.sba.gov/s/>
