Have you checked out the resources that are available 24/7 on our website at dayton.score.org? Besides having a full schedule of workshops you can attend (we just added a few new ones for June,) the website also offers you access to webinars, on a wide variety of business subjects, that you can watch at your convenience. Dayton Foundation's Support for NonProfit Workshops

For nearly 50 years, Dayton SCORE has provided free business mentoring to local entrepreneurs, focusing mainly on for-profit businesses. In 2012, at the suggestion of Dayton Foundation staff, the organization began offering services to not-for-profit organizations as well.

Today, it provides training and free mentoring services for nonprofits on topics ranging from board development to volunteer management.

When The Dayton Foundation approached us, they explained that many small nonprofits in our 11-county service area were failing due to a lack of fundamental business skills. They had few places to get help," said Robert Puskar, a SCORE volunteer. SCORE volunteers Wally Nugent, Bob Halstead, Arnold Sandness and others devoted several months to talking with local nonprofits to understand their needs. From those discussions, SCORE developed a series of workshops and expanded the team of volunteers to include face-to-face mentoring for nonprofit staff and board members.

Since the Fall of 2012 SCORE has conducted a series of six workshops twice a year, serving more than 2,500 people. The feedback we hear from workshop attendees and local nonprofit funders tells us this initiative is making a difference. We hope that our work will help Greater Dayton nonprofit organizations better serve their clients.
