

Good evening all,

We received additional information about Federal Disaster Recovery programs and wanted to share it with everyone.

As we mentioned in our last email, there are SBA Disaster Loans available for both residential loss and for businesses for damage resulting from the severe storms, straight-line winds, tornadoes, flooding and landslides on May 27 -29, 2019. Many businesses can apply for both physical and economic injury.

In order to apply for the SBA residential loans, you must first register with FEMA. Business are not required to register with FEMA, but it is recommended.

The site to do that is [DisasterAssistance.gov](https://www.disasterassistance.gov) or you can download the FEMA mobile app. If online or mobile access is unavailable, applicants should call the FEMA toll-free helpline at 800-621-3362. Those who use 711-Relay or Video Relay Services should call 800-621-3362.

To remind you, The disaster declaration covers:

- **Primary counties** - Auglaize, Darke, Greene, Hocking, Mercer, Miami, Montgomery, Muskingum, Perry and Pickaway counties in **Ohio**. Businesses in these counties are eligible for both Physical and Economic Injury Disaster Loans from the SBA.
- **Secondary Counties** - Allen, Athens, Butler, Champaign, Clark, Clinton, Coshocton, Fairfield, Fayette, Franklin, Guernsey, Hardin, Licking, Logan, Madison, Morgan, Noble, Preble, Ross, Shelby, Van Wert, Vinton and Warren in **Ohio**; and Adams, Jay, Randolph and Wayne in **Indiana**. Businesses and most nonprofit organizations in these counties are eligible to apply only for SBA Economic Injury Disaster Loans.

Once again here are links to information about the SBA Disaster Loans and the application website.

Small Business Success: KILI Medical Drain Carrier

Cinde Dolphin's experience as a four-time cancer survivor made her determined to help other patients. Her medical device company, KILI Medical Drain Carrier, provides a better way for people to wear and access wound-care drains. "The fact that I survived cancer so many times put me in a position to give back to the global community," she says.

How SCORE helped: Dolphin's SCORE mentor, Venki Venkatamaran, helped her create a business plan and a sales forecasting template. Venki worked with Cinde to secure operations so that her device could be produced overseas. "The key to my success is a wonderful and professional SCORE mentor," she says.

- Acquiring new businesses or expanding existing businesses;
- Purchasing and improving real estate;
- Purchasing machinery & equipment;

- Broadband; high-speed internet connectivity.
- Commercially available unmanned technologies.
- Food distribution such as grocery stores and food manufacturing along with agritourism and biotechnology.
