- Acquiring new businesses or expanding existing businesses;
- Purchasing and improving real estate;
- Purchasing machinery & equipment;
- refinancing outstanding debt; and
- providing term working capital.

Projects prioritized by headquarters are those projects intended to further enhance the rural economies by providing well-paying employment, essential community services and long term investments. These priority projects include:

- Broadband; high-speed internet connectivity.
- Commercially available unmanned technologies.
- Food distribution such as grocery stores and food manufacturing along with agritourism and biotechnology.
- Advancement of energy security by boosting production of energy from natural gas, oil, coal and renewables.

# #DAYTONSTRONG

Our hearts go out to the family and friends of the victims and survivors of the August 4 tragedy.

Through our grief, we hope we can provide ways for people to return to some sense of normalcy, and also create memories with loved ones. This week's edition of "e-vents" is full of ways we can all enjoy time together, as well as support the small business community in the Oregon District, who rely on our patronage for their livelihood.

Additionally, we encourage anyone who is able to donate to [The Dayton Oregon District Tragedy Fund](#).
